Attn. Lorraine Rice

Dear Lorraine,

I would like to thank you for all your help regarding my business. I was stuck, running into 1000 different directions. I also let fear dictate where I was going. The fear of not knowing what to do next. The fear of not knowing where to go business wise and personally.

It was awesome talking to you and having you put it all out on paper and help me decide which issues were real important and which issues where based on fear.

As a single mom with 3 children and a new business, it is a very scary thought knowing that I am the only one my children rely on. Sometimes we just need someone to talk to and be able to sort our issues out. You helped me with that and I appreciate it a lot.

Your online book was very helpful too. What really got to me was your explanation as to what FEAR stands for. It made a light bulb go on in my head and I remembered that I do know you and I do know people who can help me sort everything out!

Thank you again for helping me getting back on track!

Best Regards,

Susanna Mosli, *Registered Dental Hygienist*
